

UNITED STATES SENATOR FROM SOUTH CAROLINA PRAISES PE-RU-NA.

Ex-Senator M. C. Butler.

Dyspepsia is often caused by Catarrh of the Stomach—Peruna Relieves Catarrh of the Stomach and Is Therefore a Remedy for Dyspepsia.

Hon. M. C. Butler, Ex-U. S. Senator from South Carolina for two terms, in a letter from Washington, D. C., writes to the Peruna Medicine Co., as follows:

"I can recommend Peruna for dyspepsia and stomach trouble. I have been using your medicine for a short period and I feel very much relieved. It is indeed a wonderful medicine, besides a good tonic."

CATARRH of the stomach is the correct name for most cases of dyspepsia. In order to cure catarrh of the stomach the catarrh must be eradicated. Only an internal catarrh remedy, such as Peruna, is available. Peruna exactly meets the indications.

CASTLE IDEA CARRIED FAR.

Illustration of Bitterness Between Followers of Mohammed.

Here is a tale from O'Donovan's "Merry" illustrating the bitterness of feeling between the various sects of the followers of Mohammed: O'Donovan had offered his Mohammedan attendant, who happened to be a Shiite, some of his cold chicken, which the man took at first and chewed ruminantly. Suddenly, however, he spat the mouthful out, exclaiming: "Who cooked this?" since it is a sin for a Moslem to eat food cooked by an infidel. "Oh, it's all right," replied O'Donovan. "It was cooked by your coreligionists down there," pointing to a city of Sunnites. "What?" exclaimed Shiite, furiously, "by those infidel Sunnites? I shouldn't have minded much if it had been cooked by you or any other glaucous; but by a Sunnite? Pah!" and he spat again in his disgust. "But what is the difference between Shiite and Sunnite? Aren't both good Moslems?" "What is the difference between us? Don't you know that when a Shiite washes his hands he lets the water drip from the wrist; but when those Sunnites wash their hands they let the water drip from the elbow?"

Had Church Roof Fixed.
Miles Finlen, the rich Montana copper miner, visited some relatives in Bay City, Mich., recently. He attended services in an old wooden church, and while there a rainstorm came up. The roof leaked, and some water fell on Finlen's neck. After the services had ended he asked one of the church officials: "Why in blazes don't you give people a decent place to worship in?" "I suspect it's because we haven't the money," was the suggestive reply. Next afternoon material for a new roof began to arrive in front of the church and Finlen walked into the pastor's study with a check for \$750. "Fix up your old roof," is all he said.—Indianapolis News.

Woman Confederate Officer.
An inmate of the Home for Needy Confederate Women in Richmond, Va., is Capt. Sally L. Tompkins, the only woman who received a commission from President Davis, of the confederacy. She was a captain of cavalry.

There is no reason why men shouldn't love their enemies as they love themselves—especially if they happen to be their own worst enemies.

HUNDREDS OF LIVES LOST RESULT OF RECENT STORM

Victims Were Poor Cubans, One American Soldier Being Fatally Injured—Property Loss Will Be Over \$2,000,000.

Havana.—The cyclone which began here Wednesday afternoon reached its full fury on Thursday morning. The greatest damage occurred in the harbor and along the docks. A number of smaller craft and lighters were sunk and some business houses were blown down.

The total number of deaths was twenty, all Cubans of the poorer class. There are a number of sailors among the dead. Several scores of longshoremen and sailors were injured. The torrential downpour of rain completely stopped the street car service and the wind and rain made it next to impossible to get about on the streets. Trees in the parks and along the shaded avenues were blown down in large numbers. The cyclone was confined to the province of Havana and Pinar Del Rio. Matanzas City escaped. All telegraphic communication was annihilated. Friday the wind moderated greatly, and the city is fast resuming its normal appearance.

Many farmers have lost their all and are in great distress. General Bell has reported to the war department that two men of the Twenty-eighth infantry were injured, one fatally, by the hurricane; that ocean-going shipping is in satisfactory condition, but that many lighters broke adrift and several sank.

SCORES GO DOWN TO DEATH.

From Florida Coast Comes Harrowing Stories of Recent Cyclone.

Miami, Fla.—The steamer St. Lucie, Captain Bravo commanding, has sunk off the Florida coast. One of the extension steamers arrived in port Friday, bringing sixty injured, who were taken to the hospital, and twenty-eight dead bodies were brought up. It is believed now that a part of the Florida Fish & Produce company's fleet was destroyed.

Captain Bravo says that he anchored on the lee side of the Elliott Key, twenty-five miles south of Miami, and soon afterward a tidal wave engulfed the island. He says there were 250 residents on the island, all of whom were lost. The St. Lucie was crushed by the same wave, and of the 100 passengers on board twenty-five were killed. Captain Bravo was seriously injured.

A barge containing 100 people is said to have been torn away from its moorings at Elliott Key and afterwards picked up near the Bahama Islands, fifty of her passengers having been drowned.

DEATH AND DESTRUCTION.

Tempest Raged for Ten Days in Republic of Salvador.

San Salvador.—A tempest has raged incessantly for ten days throughout the republic, flooding the rich valleys, principally that of Majada, and resulting in great loss of life and the destruction of cattle and crops.

The San Salvadorian man-of-war Kizako was lost at Acapulco. The topography of various departments has been changed, buildings have fallen, burying their tenants in the ruins, and the iron bridges over the principal rivers have been carried away.

The rivers are bringing down the bodies of persons drowned in the storm and the carcasses of cattle, and the sight of these tends to increase the terror of the people.

Guatemala and Honduras also have suffered severely. It is said the losses there will amount to many millions of dollars.

FRENCH CABINET RESIGNS.

Premier Sarrien Obligated to Quit on Account of Health.

Paris.—At the cabinet Friday morning Premier Sarrien officially informed his colleagues that he has transmitted his resignation to President Fallieres, whereupon the ministers resigned in a body. President Fallieres will return to Paris. The selection of H. Clemenceau to form a new cabinet is looked upon as a foregone conclusion.

BANKERS' CONVENTION ENDED.

Formulation of Currency Reform Plan Left to Committee.

St. Louis.—The American Bankers' association adjourned on Friday. The convention adopted a resolution to refer the consideration and formulation of a currency reform plan to a committee to be appointed by the executive council, which shall confer with the New York chamber of commerce committee and submit a plan for enactment into law by congress.

Afflicted With Leprosy.

Clarksburg, W. Va.—George Rashid, the Syrian leper, who several months ago was driven from various cities in the east because of his affliction, died in a shanty at Pikesville, near here, on Friday. Heart failure was the cause of his death. The body will be cremated by the county authorities. The leper has been located in a shanty built especially for him after his removal to that place by the Baltimore & Ohio Railroad company a few months ago.

Cavalry Will Go After Utes.

Washington.—Upon the application of Governor Brooke of Wyoming, Secretary Taft, by direction of the president, has instructed Major General Greely to despatch a troop of cavalry to Wyoming to round up and return to their reservations the Ute Indians who are now causing a disturbance in that state. The selection of the troops is left to General Greely's discretion, but it is believed it will be ordered from Fort Meade, N. D., about a hundred miles distant from the scene of the trouble.

A WOMAN'S KIDNEYS.

Women have much to do, so many pains to suffer, so many critical periods to go through, that it is important to keep the kidneys well, and avoid the backache, bearing-down pain, headache, dizziness, languor and other common signs of weak kidneys.

Mrs. Charles E. Smith, of 22 Boyden St., Woonsocket, R. I., says: "My kidneys were weak from childhood, and for eight or ten years past my back was very painful and I had many annoying symptoms besides. When I began taking Doan's Kidney Pills I weighed only 120. To-day I weigh 165, and am in better health than for years. Doan's Kidney Pills have been my only kidney medicine during four years past. They bring me out of every attack."

Could Take His Choice.

At a recent inquest in a Pennsylvania town, one of the jurors, after the usual swearing in, arose and with much dignity protested against service, alleging that he was the general manager of an important concern and was wasting valuable time by sitting as a juror at an inquest.

The coroner, turning to his clerk, said: "Mr. Moran, kindly hand me 'Jervis' (the authority on juries)." Then, after consulting the book, the coroner observed to the unwilling juror:

"Upon reference to 'Jervis' I find, sir, that no persons are exempt from service as jurors except idiots, imbeciles and lunatics. Now, under which heading do you claim exemption?"—Success Magazine.

Vesuvius Dust Traveled Far.

Paris was overspread with a dry, yellowish fog the morning of April 11 of this year. A scientist, believing that the fog had been caused by the eruption of Mount Vesuvius, placed upon the roof of his dwelling a series of plates covered with glycerin to catch the dust in the fog. It was found that part of the deposit on the plates was a very fine sand, completely identical with the ash sent up by Vesuvius in 1822. In addition to this sand the fog contained some perfectly spherical globules of oxidized iron.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces, such articles should never be used except on prescription from a reputable physician, as the damage they will do to the system is too great to be repaired. Buy only that which is guaranteed to be free from mercury. It is taken internally, acting directly upon the system, in buying Hall's Catarrh Cure be sure you get the genuine. OPERATIONS AVOIDED

Two Grateful Letters from Women Who Avoided Serious Operations.—Many Women Suffering from Like Conditions Will Be Interested.

Margrite Ryan

When a physician tells a woman, suffering from female trouble, that an operation is necessary it, of course, frightens her.

The very thought of the operating table and the knife strikes terror to her heart. As one woman expressed it, when told by her physician that she must undergo an operation, she felt that her death knell had sounded.

Our hospitals are full of women who are there for just such operations! It is quite true that these troubles may reach a stage where an operation is the only resource, but such cases are much rarer than is generally supposed, because a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after the doctors had said an operation must be performed. In fact, up to the point where the knife must be used to secure instant relief, this medicine is certain to help.

The strongest and most grateful statements possible to make come from women who, by taking Lydia E. Pinkham's Vegetable Compound, have escaped serious operations.

Margrite Ryan, Treasurer of St. Andrew's Society, Indianapolis, Ind., writes of her cure as follows:

Dear Mrs. Pinkham:—

You can do your dying in half an hour with PUTNAM FADELESS DYES. Ask your druggist.

Denatured Alcohol. Denatured alcohol is used in a hat factory at Manchester, England. The manufacturers use the spirit, recover it, and resell the product in their own factory, and use it over again until it is used up.

Important to Mothers. Examine carefully every bottle of CASTORIA, a safe and sure remedy for infants and children, and see that it bears the Signature of *Dr. J. C. Watson*.

In Use For Over 30 Years. The Kind You Have Always Bought.

Makes Celluloid Fireproof. M. Gravin, a French chemist, has patented a process for rendering celluloid proof against fire. This result is obtained by adding to a celluloid mass in course of preparation, when at the highest point of liquidity, a certain quantity of salts—phosphates, bicarbonate of ammonia, or magnesia. Celluloid thus prepared, when touched by fire or flame, gives forth a gas that checks combustion.

Novelist Avenged Dog's Death. Gabriele d'Annunzio has erected a monument to his dog. The inscription is long, beginning: "Sacred to the imperishable memory of my greatest and most faithful friend." The dog was killed by a peasant some months ago. The novelist prosecuted the man, who, at the trial, at Florence, said that he killed the dog because it worried his hens. The author had engaged the services of two notable counselors, at an expense of \$1,000, to prosecute. He won, and the peasant was sentenced to ten days' imprisonment.

TERRIBLE SCALP HUMOR.

Badly Affected with Sores and Crusts—Extended Down Behind the Ears—Another Cure by Cuticura.

"About ten years ago my scalp became badly affected with sores and itching humors, crusts, etc., and extended down behind the ears. My hair came out in places, also. I was greatly troubled; understood it was eczema. Tried various remedies so called, without effect. Saw your Cuticura advertisement, and got the Cuticura Remedies at once. Applied them as to directions, etc., and after two weeks I think of use, was clear as a whistle. I have to state also that late last fall, October and November, 1904, I was suddenly afflicted with a bad eruption, painful and itching pustules over the lower part of the body. I suffered dreadfully. In two months, under the skillful treatment of my doctor, conjoined with Cuticura Soap and Cuticura Ointment, I found myself cured. H. M. F. Wells, Rosemond, Christian Co., Ill., Aug. 31, 1905."
